

The world is filled with good places – but which of them would be best for precisely your business?

At the heart of one of the most competitive countries in the world, the Tampere region offers an excellent alliance of business, science and technology. Within a two-hour drive from more than 3.5 million people, the region is one of the biggest economic drivers in Finland and a desirable place for business, studies and living. The secret to the region's success is its dramatic, yet controlled, transformation.

Tampere is Finland's third-biggest city and it forms the hub of a very lively region. It is also the largest inland city in the Nordic countries. Around two-thirds of Finland's economic activity is concentrated within a two-hour drive from Tampere. The city is a cradle for many growth industries and a place that is easy to access from all directions.

Succeed with

us!

Get close to your clients and cooperation partners – the Tampere region provides rapid access to the vast markets of Europe, Scandinavia, the Baltic States and Russia.

Helsinki is only a two-hour drive away and the large Finnish ports on the shores of the Gulf of Bothnia are even closer than that. Tampere is also a logistical gateway to the East, with St. Petersburg just 400 kilometres away.

And you won't have to do it alone: the staff of Tampere Business Region will be there to help you!

Innovation Comes to Life

The Tampere region offers an excellent alliance of business, science and technology.

The region has strong and focused business activities and research expertise in seven different fields:

- Ubiquitous computing and mobile communication
- Intelligent machines
- Digital business
- Energy technology
- Nanotechnology
- Biotechnology
- Health technology and services

These activities are based on close cooperation between various research institutions, institutes of higher education, the business community and different financing organisations. They speed up the growth of industry by activating cooperation networks and providing financing as well as by launching and realising different development projects.

We at Tampere Business Region work inside these clusters and can provide you with all the contacts and information needed to fulfil your needs.

Meet our Prosperous Clients

“Tampere beat China”

“Our principal in the USA was contemplating additional production activities in either China or Finland. In the end, Tampere came on top with its functioning infrastructure, high-standard subcontractor networks and competent workforce.”

Parker Hannifin Ltd.

Tapio Lehti, Business Unit Manager

“A reliable partner”

“Starting a company in Tampere was a logical end result of our strong and long-lasting commitment to do business in Finland. We want our customers to benefit from an efficient combination of close contacts and a constant market presence. Tampere Business Region has done a wonderful job in being a reliable partner to our company, helping us to deal with all the administrative issues associated with the establishment of a company. We warmly recommend their expertise and services to any foreign business coming to the Tampere region or to Finland in general.”

SME GmbH

Alexander Samoylov, General Manager

“The Silicon Valley of laser”

“We’ll have to look for new premises as our growth continues, but one thing is sure – we’ll keep our operations firmly in Tampere.”

Corelase Ltd.

Harry Asonen, CEO

“Starting a subsidiary in Tampere”

“The project to increase our activities in Finland started with exhibiting at the Subcontracting Fair in Tampere. We got in contact with Tampere Business Region and also attended a Fast Track Seminar in Stockholm about the possibilities of establishing a presence in the Tampere region. Many questions and ideas were discussed along the way. The valuable help and assistance provided by Tampere Business Region and their associated companies during the start-up process have been very fruitful. We feel confident that we are on the right track in our effort to expand our business in Finland.”

Safe surroundings and family-friendly atmosphere

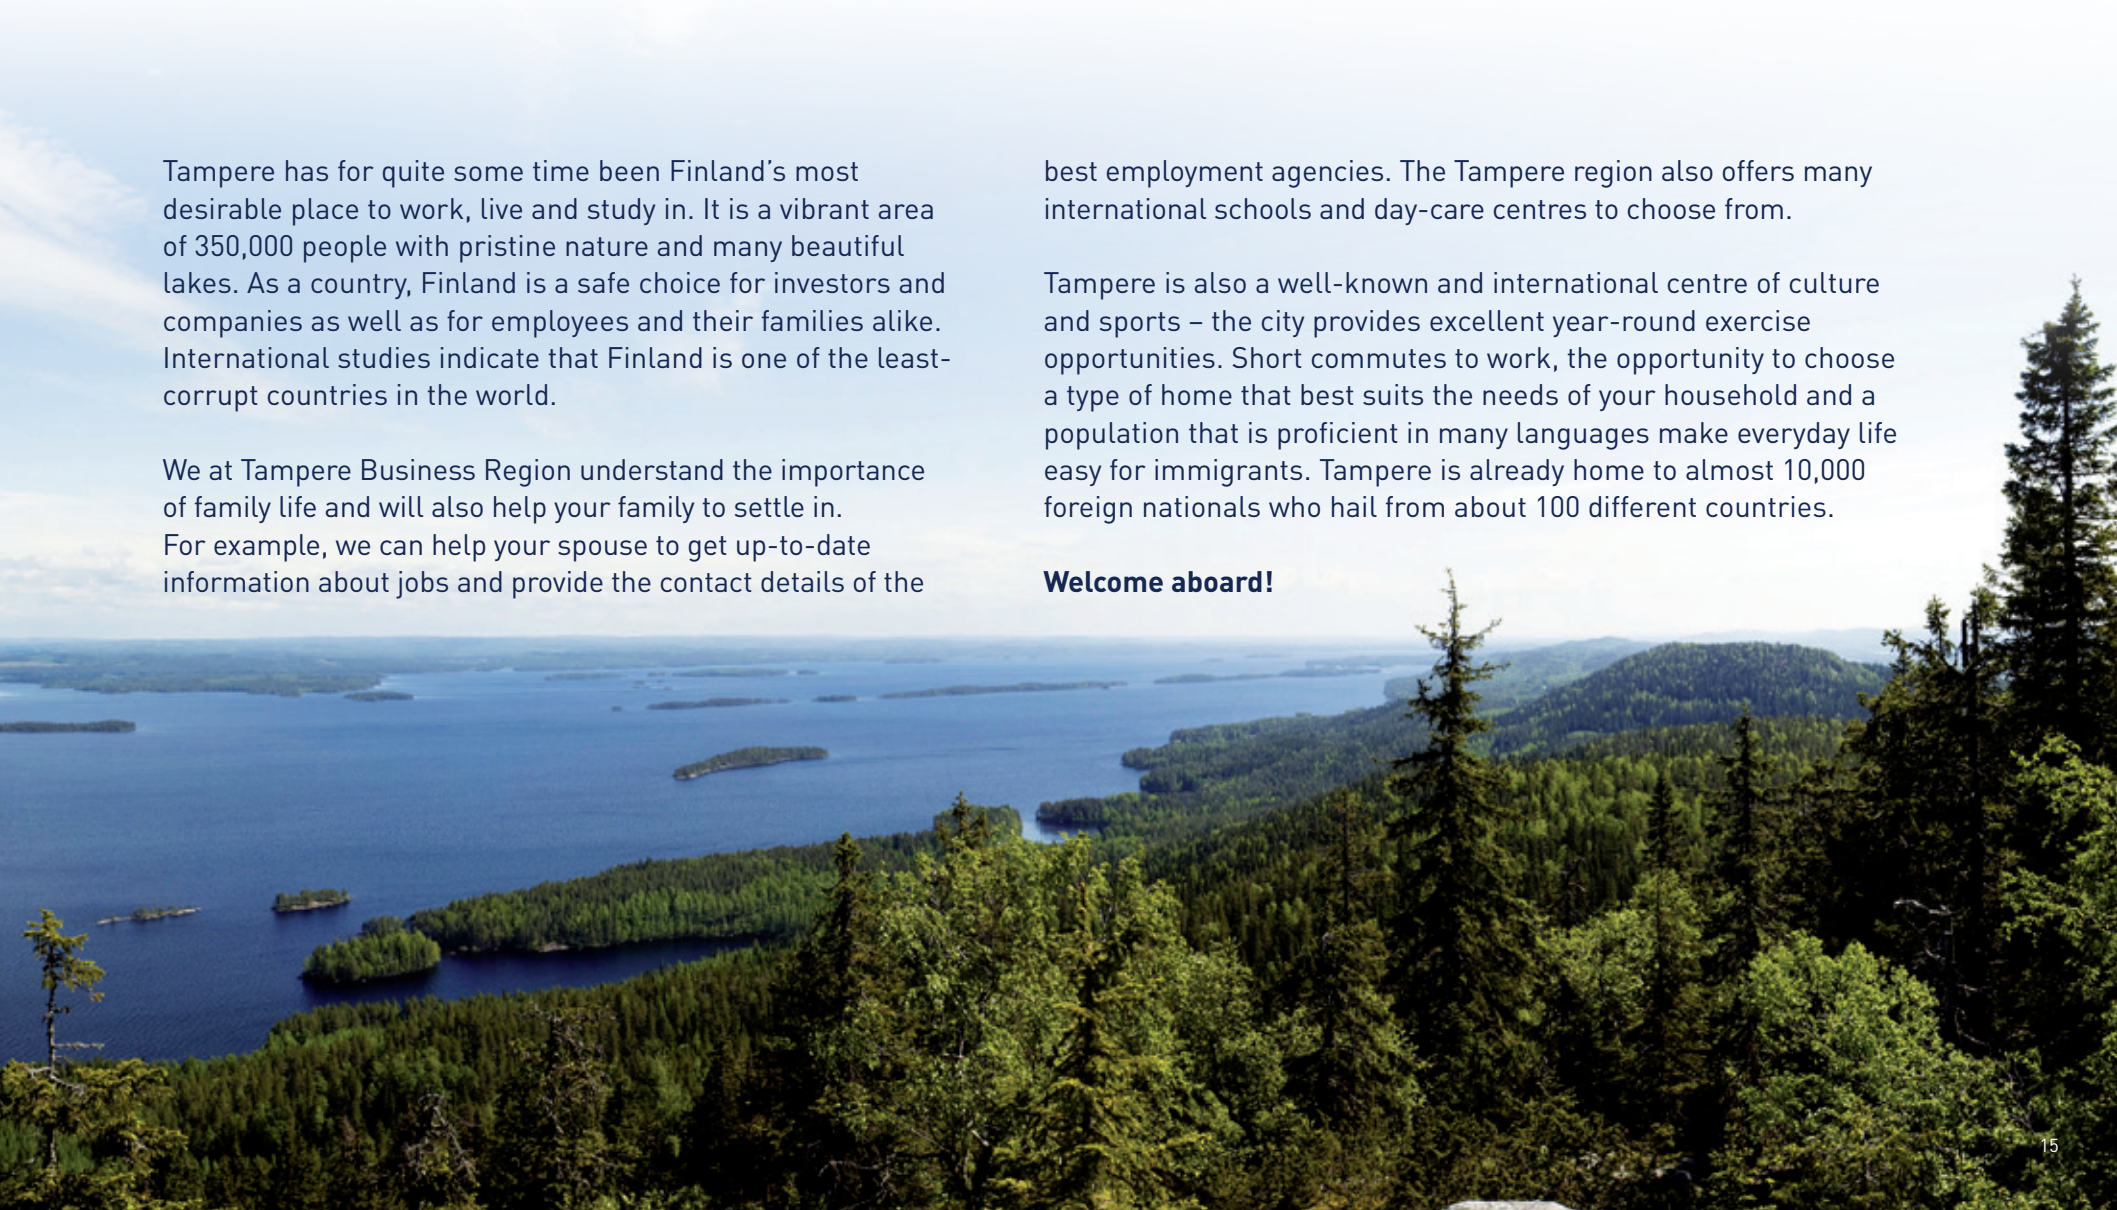

Tampere has for quite some time been Finland's most desirable place to work, live and study in. It is a vibrant area of 350,000 people with pristine nature and many beautiful lakes. As a country, Finland is a safe choice for investors and companies as well as for employees and their families alike. International studies indicate that Finland is one of the least-corrupt countries in the world.

We at Tampere Business Region understand the importance of family life and will also help your family to settle in. For example, we can help your spouse to get up-to-date information about jobs and provide the contact details of the

best employment agencies. The Tampere region also offers many international schools and day-care centres to choose from.

Tampere is also a well-known and international centre of culture and sports – the city provides excellent year-round exercise opportunities. Short commutes to work, the opportunity to choose a type of home that best suits the needs of your household and a population that is proficient in many languages make everyday life easy for immigrants. Tampere is already home to almost 10,000 foreign nationals who hail from about 100 different countries.
