

Structure of the Educational System in the Vysočina region

Mgr. Miroslav Pech

Head of Department of Education, Youth and Sports
at regional office of the Vysočina region

Municipality:

- obligation to provide compulsory education for children in the municipality
- compulsory school education – primary schools
- municipality establishes or cancels kindergartens, primary schools /6- 15 years/ and school facilities – catering
- furthermore, municipalities can establish - art schools, leisure time centres
- other schools or school facilities usually established by the region or state

Region:

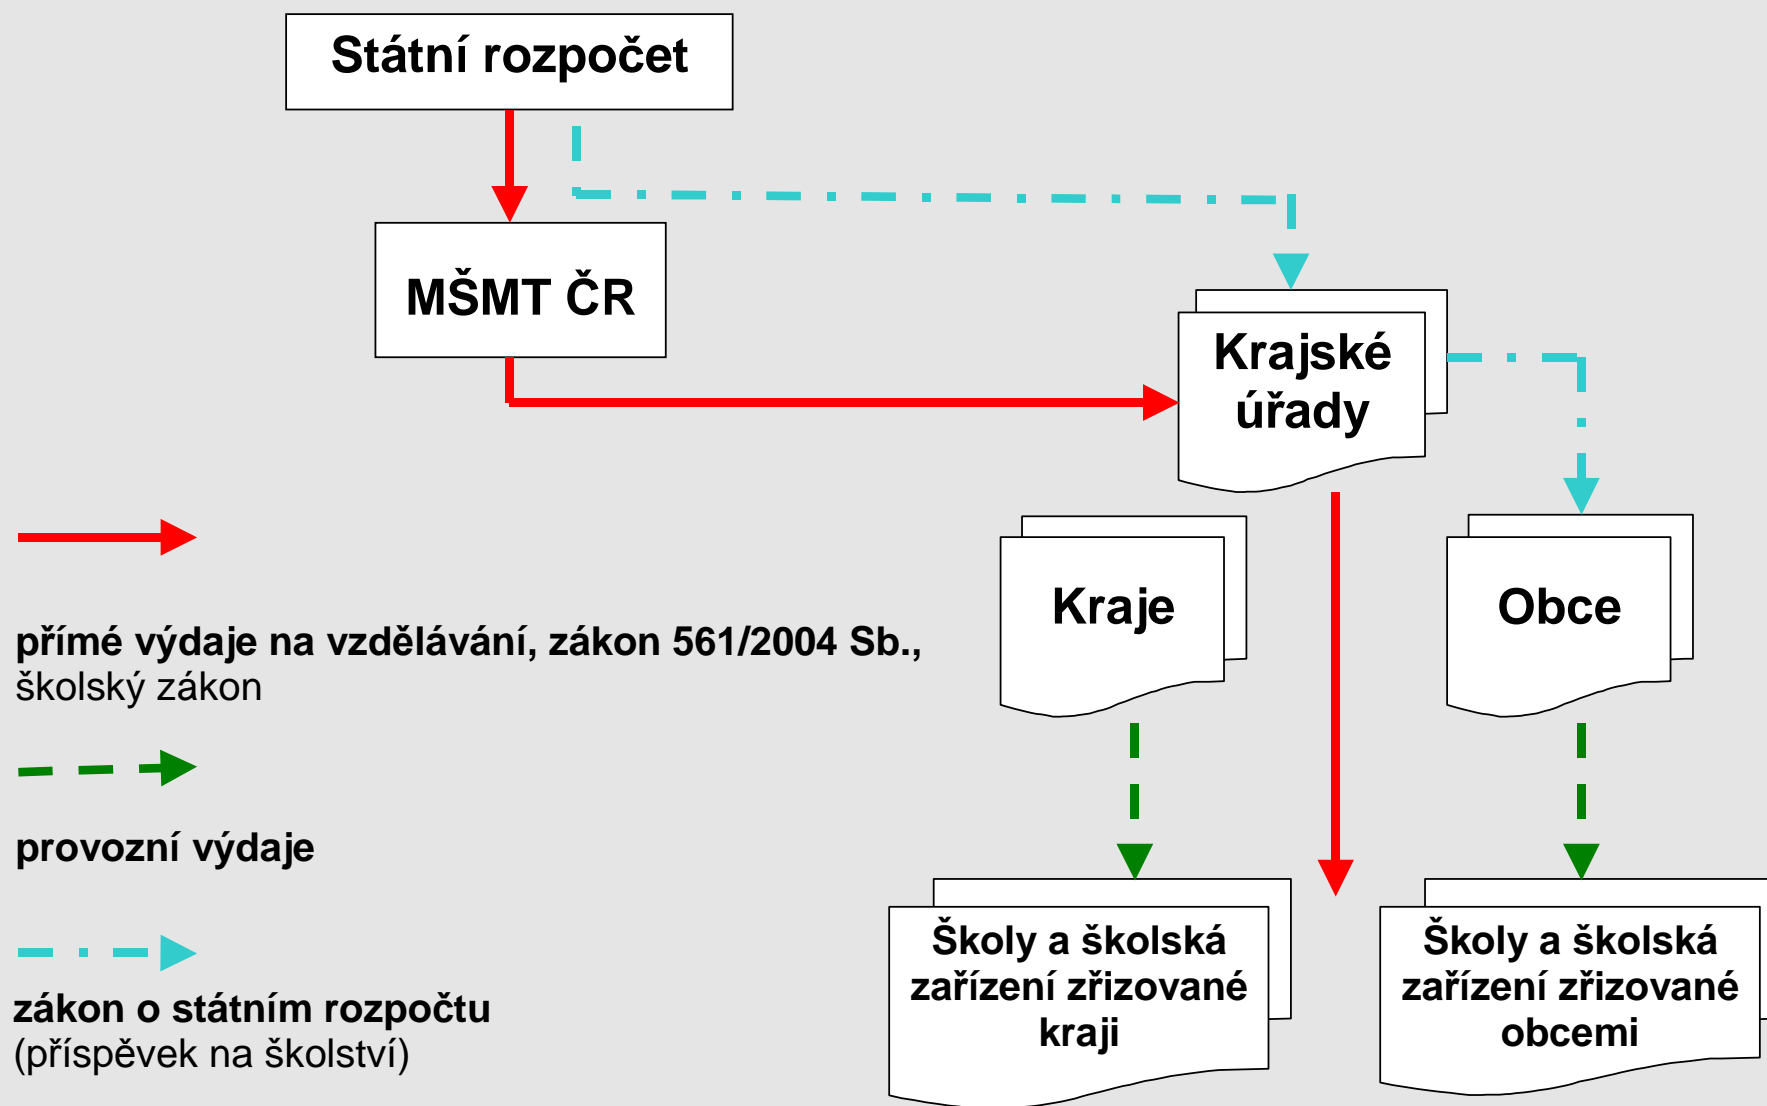

- obligation to provide secondary and higher vocational education
- obligation to arrange education for handicapped children
- arranging conditions for language, art and leisure time education

Region establishes and cancels:

- secondary schools, higher schools
- kindergartens, primary schools, secondary schools for handicapped children and also primary special schools
- schools – parts of hospitals and other health institutions
- school dormitory and catering
- language schools
- art schools
- Children's homes

Schools and educational institutions can be established by:

- ✓ municipalities or associations of municipalities
- ✓ region
- ✓ state
- ✓ church
- ✓ private entities
