

Comenius Regio - BEST PRACTICE

Partner region:	France - Champagne – Ardenne
Mobilty to:	Région Champagne-Ardenne
Date:	January 12 th 2012
Observed school/institution:	François Bazin high school
Name of the Best Practice Example: <i>Název PDP:</i>	Supervising of students
Description of the situation: <i>Popis výchozí situace:</i>	<p>François Bazin high school leads students during their entire attendance of high school:</p> <ul style="list-style-type: none"> - Intermediates cooperation between apprentices and firms. - Organizes excursions of apprentices in companies. - Supervises practice stay in firm. - Inquires employment of students after their school graduation.
Objectives of the used approach: <i>Cíle použitého přístupu:</i>	Thanks to their approach, they can have an image about work skills of apprentices and especially high school knows employability of students.
Your personal opinion to the chosen Best Practice Example: <i>Váš osobní názor na vybranou PDP:</i>	The schools should have knowledge about employability of their graduates. Thanks to issues of survey about the use of students after living of school, they can analyze the suitability of student structure and the quality of education.
Possibility of the implementation in the Czech Republic: <i>Možnost využití v ČR:</i>	<p>BP could be applicable in our country. In my opinion it does not take long time for schools to inquire employment of graduates. From social point of view of employment the survey of graduate occupation can be very useful.</p> <p>Regional authority, as the secondary school founder, can assess the balance between the offer of schools and the requirement of employers in diverse branches.</p>
